

1 THE CHAIRLADY: It is a very ambitious
2 schedule and I might add that while we may not find an
3 opportunity to have an open hearing such as we are having
4 here today on education provisions, the Committee is
5 welcoming suggestions in writing or through other means
6 from groups that aren't represented today, or we perhaps
7 will have questions to ask further of the speakers today
8 and after we have had an opportunity to digest what has
9 been said, all of which is being transcribed and will be
10 studied not only by those here present, but those who
11 were unable to come. So, the sooner the better is the
12 only answer I could give you.

13 MRS. ROMOSER: We have set up a committee and
14 Mrs. Bull is one of the members of the committee. So,
15 we will have it forthcoming very shortly.

16 THE CHAIRLADY: Mrs. Bull?

17 MRS. FRED L. BULL: I had filed a personal
18 and very brief and hastily-written statement urging the
19 retention of Article 8, Sections 1, 2, 3, and Article 3,
20 Section 52. It is very general and it has been covered.

21 THE CHAIRLADY: We will certainly consider it.
