

1           formed out.

2                         Now, I do think we ought to be on the record  
3 with respect to some kind of a time schedule for the  
4 accomplishment of this research and there, John, I'm going  
5 to ask you for your comment. When do you think we can  
6 start getting organized, with the help of Jack Jones, on  
7 our reports and, Dr. Loevy, in assigning out these ques-  
8 tions and what actual persons or means do we have for  
9 accomplishing it?

10                        MR. BROOKS: We have some research assistance  
11 available as of February 1st, and that is just next week.  
12 Now, whether or not we can utilize all of them available  
13 for these subjects remains to be seen. We will probably  
14 know by next week, in that we will have a better idea  
15 what other demands will be on these research assistants,  
16 but I would say we have available persons who can go to  
17 work on these within a week and I would think in some of  
18 these areas we could get reports within six weeks, maybe,  
19 some sooner.

20                        Now, some of this material is going to be  
21 available, I think, relatively immediately, just as soon
