9 product, but I am talking about for the benefit of us,
10 as we more or less wrestle with these issues and eventual-

12 part of the Constitution, we get a capsuled digestion and
13 it may be that it might be best to have two or three
14 people and have a panel discussion among them for fifteen
15 or twenty minutes; but I am thinking of trying to find
16 some way of getting available to us, other than massive
17 reading, the information which we've got to have.
