

1 Municipal Court through the court costs, the fines going
2 to the State and costs coming indirectly to the City. So,
3 there are many areas of revenues that we would be for-
4 feiting.

5 THE CHAIRMAN: You would be forfeiting quite
6 a bundle in the Traffic Court, wouldn't you? It's well
7 over a million dollars.

8 MR. BENTON: That is correct, but there would
9 be --

10 THE CHAIRMAN: You get \$4 for every case,
11 whether a fine is levied or not, don't you? What sense
12 does that make?

13 MR. BENTON: We receive the fine resulting from
14 the violation of a municipal ordinance, such as parking
15 violations.

16 THE CHAIRMAN: You get all of that.

17 MR. BENTON: We get all of that. We get all
18 costs. I think costs, now it depends on whether you mail
19 your ticket in or not; I think it's fifty cents, if I
20 remember correctly, and then the fines as a result of
21 moving violations now go to the State.
