

1 comment made in explanation and to aid the digestion of
2 each of the policy questions, similar to that which have
3 been set up in the model constitution that we each have
4 had a copy issued to us or distributed to us, and also
5 that that comment be accomplished early enough, so that
6 distribution can be made to each of the members of the
7 Committee, inviting further comment and so stated absent
8 comment or agreement which is more or less given -- let
9 me see how I can express it -- consensus of feeling in
10 the direction of the comment, in the direction which we
11 more or less seem to be guiding the Commission as a whole,
12 namely an expression of the position of our Committee,
13 in aid of the Commission as a whole, similar to that which
14 I think Mr. Ratchford has just done.

15 He has gone on record giving us his position,
16 in some respects, which is exactly why we have asked him
17 to be here, to have the benefit of that. My thinking is
18 that as we agree upon the policy questions, we make the
19 comment and then we come up with a direction or an indi-
20 cation of the direction of our thinking.

21 Now, so that I don't catch Dr. Burdett entirely
