

1 legislation as to our cabinet type of Governor and, as
2 I recall, John, we don't specify the departments. We say
3 there will be so many, ten, twelve, different departments
4 set up under the Governor which would go right into what
5 Mr. Lauber and you were discussing. I don't think we
6 are going to sit down and specify which departments, al-
7 though there has been suggested that the Constitution
8 actually spell out the departments.

9 I don't think we are going to go for that, but
10 it has been suggested. So, we are moving in that direction.

11 DR. JENKINS: Who are the we you are referring
12 to?

13 MR. BOND: This is the Committee on Executive
14 Department. My only question is, Mr. Lauber, you say the
15 legislature must not be hampered on acting on the budget.
16 The Governor has to present a balanced budget. There is no
17 responsibility on the legislature. If they have unhampered
18 authority, they can spend it and they don't have to say
19 where it's going to come from. That is why I disagree with
20 your statement on that.

21 MR. LAUBER: This is true. It is always possible.
