

1 I'm talking --

2 MR. BROOKS: I don't mean your departmental
3 expenses. I know that is separate, but the expenses of the
4 educational system, does this envision, this encompasses
5 all of them?

6 DR. SENSENBAUGH: Most of it is in that first
7 item, the State share of the current expense, that's \$340
8 per pupil.

9 MR. PERKINS: \$100,000,000, right there, almost,
10 in the first three items, over 100,000,000.

11 DR. SENSENBAUGH: It's about 100,000,000.

12 THE CHAIRMAN: Any other questions of Dr.
13 Sensenbaugh? Mr. Perkins, do you have something to add?

14 MR. PERKINS: Well, I don't have any prepared
15 statement. Mr. Rennie was here and I concur in what he has
16 recommended to you. We discussed this in the office before
17 he came over. I would be happy to answer questions you may
18 have in the educational field, anyhow.

19 MR. SACHS: Just how does your department --
20 just what is your job as far as it relates to the superin-
21 tendent?
