

1 in all these situations. However, I think it would be  
2 a pity were we to use politics as the guiding light for  
3 our deliberations.

4 It is true we will have a reapportioned Legis-  
5 lature. For the first time there will be some counties  
6 that will consider themselves underrepresented as the  
7 City of Baltimore has considered itself and other counties  
8 before this. By the time we reach 1970 we will have a  
9 new census, and what we are providing for is hopefully  
10 something to carry us through the 1970 census and 1980  
11 census and so on because I want to speak to the point of  
12 reapportionment.

13 I also would like to speak to the goal that  
14 was laid down initially by Mr. Eney when we were originally  
15 charged practically at our first session. That is that  
16 we should be thinking in terms of strengthening State  
17 government. We are out to salvage a sinking ship, so to  
18 speak. I think the proposals Professor Loevy is present-  
19 ing are in that direction, to strengthen State government.

20 MR. MILES: If I may make a comment, the com-  
21 ment I made had no political implications in the world.
