

1 don't want to restate all the arguments on the other side,  
2 either. Basically, we thought it good to provide a  
3 standard certain not only for the Judiciary but for the  
4 Legislature itself when it begins to tackle the difficult  
5 tasks.

6 I think you could argue whether it should be  
7 5 or 10, but whatever the percentage, it seems to us that  
8 a standard certain would solve a lot of problems in the  
9 future. The Chairman has moved for reconsideration,  
10 and I second the motion for reconsideration.

11 THE CHAIRMAN: Professor Burdette?

12 DR. BURDETTE: I am confused, and I don't know  
13 whether anyone else is or not as to what language is  
14 proposed or where?

15 THE CHAIRMAN: In place of the last sentence of  
16 Section 3 on Page 2.

17 MR. CLAGETT: It is on Page 3 of the Fourth  
18 Report.

19 THE CHAIRMAN: Delete the last sentence of  
20 Section 3 and in place of that, Dr. Bard will you read  
21 the language you suggested be substituted?
