

1 cases, we are really confusing the procedure. It seems
2 to me very simple that if the legislative plan is agree-
3 able to the Governor, he can sign it. If he doesn't
4 like it, he can veto it, and if they override his veto,
5 it still becomes law unless it is unconstitutional. So
6 I don't see any reason for having anything to go through
7 the Legislature that is beyond the veto.

8 THE CHAIRMAN: Any further discussion?

9 DR. BARD: We wouldn't hold too strongly on
10 the veto if you want to include it.

11 THE CHAIRMAN: I want to take a vote and move
12 on. Any further discussion on it? Then, the question
13 will arise on whether or not the action by the Legislature
14 under Section 5 is to be subject to veto or is not to be
15 subject to veto since the Committee had recommended that
16 it not be subject to veto a vote -- will be a vote that
17 the legislative action be not subject to veto. A vote
18 Nay will be a vote that the legislative action be subject
19 to veto in the normal course. You ready for the question?

20 All in favor, signify by saying Aye, a vote
21 Aye is a vote for action not subject to the veto. Those
opposed?
