

1 to go back to the other question. The Commission has
2 felt that there are two kinds of extraordinary actions,
3 which kind this is, I think, is the question you are
4 voting on.

5 MR. DELLA: I think I was going to say the
6 same thing. If this would be an extraordinary situation
7 to a great degree, then I think it should come under the
8 three-fifths category rather than two-thirds.

9 THE CHAIRMAN: Any further discussion? Anyone
10 suggest a ratio other than two-thirds or three-fifths?
11 Ready for the question. The Committee's recommendation is
12 for two-thirds, a vote Aye would be a vote in favor of
13 two-thirds; a vote No would be a vote in favor of three-
14 fifths. This is in each instance a percentage of the whole
15 membership, entire elected membership. You ready for the
16 question? A vote Aye, two-thirds, those in favor, signify
17 by a show of hands.

18 Contrary? The motion is carried, 14 to 5.
19 It remains at two-thirds.

20 Dr. Bard, any further question on this Section?

21 DR. BARD: No, sir.
