

1 THE CHAIRMAN: Well, are you suggesting that  
2 the Committee consider this Section as referred back to  
3 it for further wording?

4 DR. BARD: For rewording. We tried very hard  
5 to come to grips with how could we give them this power,  
6 but limit it so it would be germane; so it would be  
7 necessary and at the same time safeguard it. This we  
8 are seeking to do. Now, if we reword it, I would be  
9 certainly grateful to anyone on the Commission if they  
10 could come up with some wording perhaps during the three  
11 days we are here.

12 THE CHAIRMAN: Any objection to that procedure?

13 JUDGE ADKINS: Does that carry with it a tacit  
14 acceptance of the power to compel, the subpoena power?  
15 In other words, is that question being foreclosed by this  
16 reference back; if so, I would like to have a vote on  
17 that.

18 THE CHAIRMAN: I don't think it is foreclosed.

19 DR. BARD: No, let me say again, Judge Adkins,  
20 a while ago you said you felt that it ought to be there  
21 if two-thirds of the State Legislature would grant it.
