

1 the Committee's task.

2 THE CHAIRMAN: Dr. Bard, do you understand
3 what is suggested?

4 DR. BARD: Yes, I do, very much so. This is
5 a very complex question. Let me ask Mrs. Bothe,
6 suppose the two Houses were to set up a committee
7 embracing both Houses. Would that committee have that
8 power, for example?

9 MRS. BOTHE: No, unless in a particular in-
10 stance they wanted to subpoena a Mister X with particular
11 records, and he wouldn't come. They would have to get
12 under my proposal a two-thirds vote of that House in
13 order to compel Mister X and his records to appear.

14 DR. BARD: I tend to agree with you. I don't
15 know whether the rest of the Committee do or not.

16 MRS. BOTHE: On the revolving credit example,
17 if it is a serious enough question as it appears to be,
18 that such action could be taken and the Legislature then
19 could obtain the information it needs to formulate a
20 revolving credit bill.

21 THE CHAIRMAN: Mr. Case?
