

1 chief judge of the Superior Court shall, under the direc-  
2 tion of the chief justice, prepare and transmit to the  
3 governor the estimate of expenditures of the judicial  
4 department, which shall be included in the budget without  
5 revision.

6 The chief judge of the Appellate Court shall  
7 assist the chief justice in the administration of the  
8 Appellate Court. The chief judge of the District Court  
9 shall assist the chief judge of the Superior Court in  
10 the administration of the District Court.

11 Now, one point in here that is perhaps  
12 especially worthy of comment is the proviso that the  
13 budget for the Judiciary Department shall be prepared  
14 by the chief judge under the direction of the chief jus-  
15 tice which is to be given to the Governor and included  
16 in the budget without revision. This matter came up at  
17 the last meeting of the Commission as to what control  
18 the Judiciary ought to have over its budget. We had  
19 some communication with the Committee on Finance and  
20 Taxation. They indicated to us that they hadn't really  
21 considered this and had no views on it.
