

1 is so, but this other provision here doesn't prevent it  
2 from being so.

3 MR. CLAGETT: That is so. It could do so. The  
4 Subsection (c) deals with something entirely different.

5 THE CHAIRMAN: All right. Any other questions?  
6 Mr. Brooks?

7 MR. BROOKS: Two comments on Section (b). First,  
8 the third sentence is the one beginning, The lines of <sup>no</sup> county  
9 shall be changed, and so forth, deals with who shall vote  
10 to ratify the change of boundary when there is only a  
11 change in less than three counties.

12 In this situation, the Committee discussed the  
13 varying suggestions made of first having only those in the  
14 county, or rather, in the neighborhood being shifted, so  
15 to speak, from one county to another vote as against,  
16 second, having the persons voting in the county receiving  
17 the section as well as the people in the section vote, as  
18 against the third alternative of having persons in the  
19 county from which an area is being taken as well as the  
20 county to which it is being moved and the people individu-  
21 ally each voting separately.
