

1 I suggest this to you now simply so that you
2 can be thinking about it between now and the time the
3 Report of that Committee comes before you.

4 Most of the Committee Reports are in pretty
5 good condition. We are seriously lagging on at least
6 one and perhaps two. This is partly because ^{of} the nature
7 of the problem. The problems with which we are confronted
8 on the matter of political subdivisions are of great
9 importance, great magnitude and are trailblazing, and
10 for that reason we have put the Report of that Committee,
11 which still involves policy considerations, rather than
12 actual language, at the end of the session, to take it
13 up on Sunday. I hope that we will be able to complete
14 all our other Reports so that only that Report will
15 be open for discussion on Sunday morning. We then hope
16 that that Committee will be able to come back to the
17 Commission on the 24th, with a draft embodying precise
18 language.

19 I hope that we will be able to conclude today
20 the first three Reports, the Second Report of the Com-
21 mittee on Finance and Taxation, the Report of the Com-
