

1           MR. SYKES: If the Legislature didn't do that,  
2 does the same reason apply to public school systems as  
3 applies to private school systems, to prevent the Governor  
4 from having the power that he otherwise would have over  
5 or in the appropriation procedure? That is the only  
6 question I asked. I think the question is a lot narrower  
7 than the one you put.

8           MR. CASE: No question about it because the  
9 basic cornerstone or philosophical reason for the thing  
10 being to eliminate political pressures would be less  
11 likely to flow from the private than from the public school  
12 sector, so that the area is constricted.

13           THE CHAIRMAN: Any further question? Any  
14 motion? If not, we move on.

15           MR. SYKES: I would move, in light of the Answers  
16 to the questions and what I think is the real effect of  
17 limiting this Section to public schools, which is not to  
18 prevent State aid to private schools, I would move that  
19 the word, public, be inserted between the words local and  
20 schools and I call attention in connection to that to the  
21 fact that in the existing Constitution --
