

1 to have the right, in view of the fact that it is repre-
2 senting the people and this is the people's money that is
3 being spent, it ought to have the right to call on the
4 people who are applying for and are going to spend the
5 State money to come down and tell the General Assembly
6 what is going to be done with this money. I think it is a
7 very fundamental right.

8 MR. SYKES: As a practical matter, I think
9 that the addition of this language would make the Section
10 more palatable to me, but I don't think it would make it
11 completely palatable. I think the objections would still
12 hold, because as a practical matter, the Legislature has
13 this right, since it can say, if you don't come down, we
14 aren't going to give you the money you want.

15 THE CHAIRMAN: Any further discussion on the
16 amendment?

17 DR. BURDETTE: A parliamentary inquiry. How
18 do I vote to preserve my preference for the language that
19 the Committee has, preferably with Mr. Case's amendment,
20 but if I can't get that, I would like to have at least
21 as much as Mr. Sykes moves for.
