

1 simply say this holds the Legislature to be responsible,  
2 whereas to leave it openended allows for irresponsibility.

3 THE CHAIRMAN: I would like to ask one question  
4 of Mr. Case. I think this is right. I suppose the Legis-  
5 lature could raise money by a bond issue and appropriate  
6 it at such a special session.

7 MR. CASE: Yes, but all the safeguards of 34  
8 would then come into effect with respect to that.

9 THE CHAIRMAN: Right. Any further discussion?  
10 Are you ready for the question? The question, then,  
11 arises on Mr. Clagett's motion to recommit the Subsection  
12 9 to the Committee for further study, for the purpose of  
13 considering whether the Legislature ought to have the  
14 right to make appropriations at an extraordinary session  
15 without being subject to the requirement that it provide  
16 the revenue. Are you ready for the question?

17 MR. GENTRY: May I ask one question? In re-  
18 consideration of this, is Mr. Case going to make any  
19 change along the lines you have suggested?

20 THE CHAIRMAN: He has already agreed to that  
21 change, as I understand it. Any further discussion?
