

1 can lock you in so that certain things can be jeopardized,
2 and I think that this type of thing has to be considered
3 during our course of operations.

4 THE CHAIRMAN: Not meaning this to sound as
5 facetious as I know it will, I am afraid that timely
6 submission would be, in effect, day before yesterday.

7 Any further comment?

8 MR. SAYRE: I hope we vote favorably for having
9 a Report submitted.

10 THE CHAIRMAN: Are you ready for the question?
11 All those in favor, please signify by saying Aye. Con-
12 trary, No. The Chair is in doubt. All those in favor,
13 please signify by a show of hands. Contrary? The motion
14 is lost, 8 to 10. Any further comment or motions with
15 respect to this Report?

16 Mr. Sayre, let me say to you that if there is
17 time, I feel quite certain that the Committee will make
18 such a study. I cannot see how it could possibly be
19 incorporated in the Report. It may be possible for the
20 Committee to do it and have a study paper, which would be
21 included in the work book.
