

1           MR. SCANLAN: That was not necessary because  
2 we incorporated by reference the qualifications for  
3 House of Delegates one of which is to be a citizen of  
4 the State of Maryland. If we did it Mr. Sykes' way  
5 or the way the Chairman seems to indicate would be  
6 preferable, we would have to state he be a citizen,  
7 that he resided, and be twenty-one.

8           MR. SYKES: I would move that the Committee  
9 be given the discretion to take care of the wording  
10 to rewrite Section 2 so as to provide for the qualifica-  
11 tions affirmatively and set out explicitly the substance  
12 of Article 3, Section 9, eliminate the exception in  
13 the last clause, it won't be necessary, and not do it  
14 by incorporation by reference as the draft does.

15           THE CHAIRMAN: Is there a second?

16           MRS. FREEDLANDER: Second.

17           THE CHAIRMAN: Any discussion?

18           MR. BROOKS: One question. Would you  
19 incorporate also the prohibition, for instance, in  
20 Section 3, Article 3, Section 17, concerning double  
21 office holding in your list of qualifications in this?
