

1 think we discussed it in these terms, whether the
2 Convention itself could segregate out some more
3 controversial proposals and submit those separately
4 from the entire Constitution. I for one would not
5 like to see that. I think it should be a series of
6 amendments or a whole document.

7 THE CHAIRMAN: I think that answers your
8 question, Dr. Burdette. Do you want to make a motion?

9 DR. BURDETTE: I don't feel strongly about
10 it but I suppose I would move that this matter be left
11 to the Convention. That the language be drafted to
12 permit it.

13 THE CHAIRMAN: Is there a second?

14 MR. CLAGETT: Second.

15 THE CHAIRMAN: Do you want to say anything
16 further?

17 DR. BURDETTE: It seems to me that we
18 shouldn't go to the expense in Maryland of having a
19 Convention which might have several very hot questions.
20 For example, you suggest lottery. Unicameral Legislature
21 would be another one.
