

1 the recommended Section 1?

2 MRS. FREEDLANDER: Yes, without the exhortation.
3 Some change of words in it.

4 THE CHAIRMAN: Dr. Bard?

5 DR. BARD: Mr. Chairman, is it in order to
6 comment not on the substitution of one section for another,
7 but on the contents or let us say, the deletions, as I
8 see it, in terms of both proposals, or is this out of order?

9 THE CHAIRMAN: No, no.

10 DR. BARD: Well, I would like to start the
11 discussion by a question. I was present when there was
12 a good deal of discussion in connection with Section 3 of
13 Article VIII in the current Constitution, school fund of
14 the State shall be kept inviolate and appropriated only to
15 the purposes of education. Dr. Polin and a whole host
16 of people involved in education in the State of Maryland
17 and in the Counties of Maryland made it clear that this
18 particular section was the one that made it possible for
19 them to be able to depend upon the budget for their
20 respective County school systems and the State school
21 system.
