2 THE CHAIRMAN: Well, let's confine, we haven't
3 a motion right now, let's confine the discussion for the
4 moment to Section 1.

5 Mrs. Freedlander?

6 MRS. FREEDLANDER: Mr. Chairman, I would like
7 to state that Maryland has a very good reputation for
8 encouraging education. In writing a Constitution in 1966
9 for the next fifty years, I don't think it is wise or
10 proper for us to be exhorting the State for doing what it
11 has been doing and doing admirably. If we were Alaska or
12 Hawaii, where we were just getting started on the Consti-
13 tution, perhaps an exhortation would be in order. I don't
14 think it is in order in the State of Maryland, rather
15 giving the Constitution, showing the Legislature that they
16 must provide is more in order. I would like to move as
17 amendment or substitute motion, what would it be?

18 THE CHAIRMAN: Just a motion right now.

19 MRS. FREEDLANDER: That the Commission adopt
20 Section 1 as presented in the dissenting Report.

21 DR. BARD: I second.
