

1 of thing that should be permitted to happen in the State.  
2 Once the funds have been appropriated, we keep in mind,  
3 not me, the University or the Committee or anyone else  
4 proposes that the University be given a free hand with  
5 the State's Treasury. The issue involved here is simply  
6 who is going to watch what funds are allocated and how  
7 they can be best met to meet the needs of the State's  
8 only university, and one of the major ones in the country.

9 THE CHAIRMAN: Thank you, Mrs. Bothe. Before  
10 we take the coffee break, let me just say this, so you  
11 can be thinking about it. From comments and discussions  
12 I have heard, there are at least four and maybe more  
13 points of view that various Members of the Commission  
14 want to express and to have votes on. They include the  
15 Committee's recommendation for autonomy of the University  
16 of Maryland, opposition to University of Maryland, or  
17 any other group, broadening the Committee's provision to  
18 include autonomy, not only for the University of Maryland,  
19 but also for Board of State Colleges, and I gather for  
20 certain other colleges, how far I don't know; and fourthly,  
21 to include the public school system or at least the Board
