

1 have talked to a large number of the Members of the
2 Commission, and I am aware of their views as to the de-
3 bate that will develop and the question of whether the
4 University of Maryland does or does not get recommended
5 for autonomy, and if we could get a vote on that subject,
6 then I think we could proceed either to expand or to
7 forget the balance of the discussion, because I don't
8 believe there is anyone who feels that there should be
9 an autonomy provision which does not at least include
10 the University of Maryland.

11 THE CHAIRMAN: Well, I can't rule out of
12 order. I think if we don't debate the procedure and go
13 ahead, we will make better time. What is your substitute?

14 DR. BARD: The University of Maryland shall be
15 managed by the Regents of the University of Maryland in
16 accordance with law, and the public State colleges of
17 Maryland shall be managed by the State Board of Trustees
18 of the State colleges in accordance with law. The Regents
19 and Board in both cases shall have exclusive general
20 supervision of the institutions and the control and
21 direction of all expenditures from the institutions',
