2 MR. MARTINEAU: That's correct.

3 THE CHAIRMAN: Is there any reason why in
4 the District Court it wouldn't be the District Court of
5 the State of Maryland in and for the 7th District? Why
6 a division?

7 MR. MARTINEAU: Well, this is a semantic
8 problem that we got involved in with Judge Niles as a
9 matter of fact. We must have debated this point for
10 three months.

11 THE CHAIRMAN: No, you debated the question
12 whether the word district or division. I don't mean
13 that point. All I am saying is why do you need a
14 division. I agree that division, if you need a
15 division, the proper term is division, but why do you
16 need a division? It is one statewide court.

17 MR. MARTINEAU: That's correct. But you
18 are only going to have, you are going to have a branch
19 of that court for a particular district.

20 THE CHAIRMAN: Just as you are going to
21 have a branch of the Superior Court for every county?
