6 responsible to the Legislature and administered by
7 the executive department.

8 THE CHAIRMAN: Well, I would take it
9 then that it would be an administrative office?

10 MR. SAYRE: That is why I questioned the
11 need for inserting executive when we are talking about
12 the executive department of which the governor is the
13 head.

15 where just debating. Let's make a motion and make
16 a decision. You want to move?

17 MR. SAYRE: I am not prepared.
