

1 THE CHAIRMAN: I have some difficulty with
2 it because I think the status of some regulatory
3 agencies is perhaps not clearly not within the legisla-
4 tive branch. The Public Service Commission is exercising
5 a legislative function. Tax courts are another
6 illustration.

7 MR. MARTINEAU: Maybe you would want to
8 make it, make your phrase difficult to say not solely
9 within.

10 THE CHAIRMAN: Could perhaps.

11 MR. MARTINEAU: I think that is the idea
12 if I am not mistaken.

13 MR. BOND: I think we are all saying the
14 same thing.

15 THE CHAIRMAN: Can we get the question of
16 principle clear and then resolve the language? Does
17 anybody dispute the principle advocated by the Committee
18 that the reorganization power here conferred upon the
19 Governor is not intended to be applicable to the
20 legislative judicial departments. Do you disagree with
21 that principle?
