

1 your figures were given on the assumption there was a
2 State Board of Education in each case. I don't know
3 this is true.

4 MR. POWER: In this survey, I can't answer
5 that question, Mr. Martineau. We are having the rest
6 of the material prepared.

7 DR. BARD: May I ask a question on the
8 figures?

9 THE CHAIRMAN: All right.

10 DR. BARD: As for those four cases where
11 the Superintendent is appointed by the Governor, I
12 would like two answers. First what are the four
13 states, and secondly, is there a Board over the
14 Superintendent in those four cases. Mr. Martineau's
15 question was in regard to other cases. In these four
16 cases.

17 MR. POWER: Let me answer your first
18 questions. I will have to look for the answer to the
19 second. The four states are Alaska, New Jersey,
20 Tennessee, and Virginia. I will look for the answer
21 to the other question, Dr. Bard.
