2 THE CHAIRMAN: I think Judge Adkins answer
3 is correct, that the Workmen's Compensation Commission
4 is a quasi-judicial agency under (c). Dr. Jenkins.

5 DR. JENKINS: I have a question. Do you
6 know how many are present over at the Commission
7 organized on this basis? At Morgan State College, for
8 example, there are nine trustees, one appointed annually
9 and this was undoubtedly adopted to prevent a single
10 Governor from having a majority. What is the general
11 practice?

12 JUDGE ADKINS: I don't think as much as
13 you might imagine. The language specifically relates
14 to boards which are heads of the agencies. The Board
15 of Trustees is not the head of Morgan College, you are.
16 The Board of Regents of the University of Maryland is
17 not the head of the University of Maryland. The presi-
18 dent is. We have it under research and do not have the
19 results yet. It would affect certain things such as
20 the Racing Commission. But it would not affect you.

21 MR. MILLER: The State Roads Commission.
