

1 JUDGE ADKINS: The State Roads Commission
2 is already subject to action by the Governor.

3 THE CHAIRMAN: Could I ask you a question
4 in view of an earlier comment you made inadvertantly,
5 whether in (c), well, what I meant by that reference
6 was I thought in answer to a question with respect to
7 (c), you indicated that the Board of Regents, for
8 instance, at the University of Maryland, would be
9 covered and not the president, would there be anything
10 inconsistent with the position taken by the Committee
11 if (c) were amended to say president and governing
12 boards, plural of institutes of higher education which
13 would mean the Board of Regents at the University of
14 Maryland, the Board at the State Colleges, the Board
15 of Morgan College and other similar Boards would be
16 appointed and removed as prescribed by law.

17 JUDGE ADKINS: I am going to answer that
18 question somewhat obliquely by saying that in view of
19 the Commission's role on the Superintendent of Schools,
20 as Chairman of the Committee, I would have no objection
21 to the amendment. I can poll the Committee.
