

1 MRS. BOTHE: I can't seem to get from the
2 Committee just what the practical effect of this
3 proposal would be. Judge Adkins only a moment ago
4 expressed the belief that the Board of Regents of the
5 University of Maryland would not have been affected by
6 this proposal and subsequently stood corrected. I am
7 not at all clear in my mind as to which or what agencies
8 would be affected. There may be some of greater
9 importance than the Board of Regents at the University
10 of Maryland or the State Superintendent of Schools.
11 They are the ones brought to mind and I don't see how
12 the Commission can make an intelligent vote on the under-
13 lying principle involved here without knowing what the
14 factual effects will be and simply by making various
15 exceptions as we are now doing, I don't think meets
16 the objection and I don't see voting on it this way.

17 THE CHAIRMAN: Mrs. Bothe, have you looked
18 at the schedule that is furnished?

19 MRS. BOTHE: Yes, I have and sitting next to
20 the reporter who told me not to look too far because I
21 wouldn't find the answer.
