

1 MR. SCANLAN: I didn't catch that.

2 THE CHAIRMAN: You have both districting and ap-
3 portionment with reference to the Legislature.

4 MR. SCANLAN: Then do we mean in Section 5, when
5 we say the Governor shall present a plan of districting and
6 legislative apportionment, that we're speaking only then
7 of a redistricting and reapportionment of the Legislature or
8 are we also talking of a congressional districting plan?

9 THE CHAIRMAN: Both, but districting means, as
10 Mr. Brooks points out, or could mean congressional dis-
11 tricting or legislative districting, both.

12 MR. SCANLAN: Yes, but I think we really should
13 use them as terms of art, and even though technically, in
14 a broad political science sense, it can mean legislative
15 districts. I wonder if it's wise to use it in two senses or
16 mean it in two senses in the Constitution?

17 MR. MILLER: It's still dependent on the latest
18 census report, is it not, and the fact that there are two
19 different kinds of districts, it would seem to me that the
20 word would cover both.

21 THE CHAIRMAN: Mr. Sayre?
