

1 would hesitate to be as stringent about it as I am, if it  
2 were not for the fact that the task is tremendously impor-  
3 tant and we cannot do it with part of the Commission. We  
4 need the help of every Member.

5           Is there anything anyone else desires to bring  
6 up? May I ask just one other thing, before you leave, of  
7 every Committee Chairman. I have a little hesitancy in  
8 asking this, but not too much, really, because I have no  
9 alternative. Will each Chairman ask his reporter to go  
10 over the changes in the portions of the Constitution for  
11 which the Committee is responsible and which have been agreed  
12 upon finally and endeavor to let me have a draft, a com-  
13 pletely revised draft of what he understands to be com-  
14 pletely revised, except as to sections still under study,  
15 by Tuesday. This would mean that each reporter, this is  
16 a mechanical task, really, it means each reporter will have  
17 to do it tomorrow or tomorrow evening. I don't care how  
18 scratched up it is, but I think it's imperative that we  
19 be able to submit to you in advance of the next meeting a  
20 picture of the whole Constitution to the extent that we  
21 have moved today.
