

1 a Baltimore County tax rate. It used to come out on the  
2 same bill, \$1.80 in Towson and around \$1 up County.

3 THE CHAIRMAN: The same thing, of course, was  
4 true when the Baltimore City, following the new and next  
5 act in 1918 where you had the new annex gradually subjected  
6 to the full City rate over a period of years.

7 Mr. Scanlan?

8 MR. SCANLAN: Dick, does the word, subclass,  
9 have a special term of art, an indispensable term of art  
10 that requires its inclusion? I would think the word,  
11 class, would suffice.

12 MR. CASE: Class, could be personal property,  
13 but then subclass could be whether it is inventory or  
14 stock in trade or something like that. It is a word of  
15 art which seems to be essential.

16 THE CHAIRMAN: Mr. Martineau?

17 MR. MARTINEAU: I wonder if the first part  
18 you say, no assessment, then in the last part with respect  
19 to agricultural use, you say, with respect to factors --  
20 with respect to assessments on property, as to classes.

21 MR. CASE: You have a good point there.
