

1 consider, signify by saying Aye. Contrary, No. The  
2 Chair is in doubt. All those in favor, signify by  
3 raising hands. Contrary. The motion is carried 17 to 4.  
4 The question now arises again on the motion of Mr. Scan-  
5 lan to delete Section 3. Section 3 is the Section on  
6 Page 3 of the Fifth Report of the Committee. I am not  
7 sure everyone has it, so I will read it:

8           The University of Maryland, in accordance  
9 with law, and the Regents shall have exclusive general  
10 supervision of the institution, and the control and  
11 direction of all expenditures from the institution's  
12 funds.

13           Mr. Scanlan, you have the privilege of the  
14 floor. It is your motion.

15           MR. SCANLAN: I hate to repeat the arguments I  
16 stated in support of the motion at the last meeting. I  
17 think most of them are remembered by those who participated  
18 in debate. Briefly, I am opposed to raising the Univer-  
19 sity of Maryland to, in effect, an autonomous department  
20 of the Government of this State. Napoleon once said the  
21 republican structure is the first object of government.

~~But I am sure he would not say the republican structure~~
