

1 but I do think that the built-in flexibility and inflexi-  
2 bility of the proposal here does not make it impossible  
3 but would make it more possible.

4 THE CHAIRMAN: Anything further? The question  
5 arises on the motion to substitute for the pending  
6 motion the direction to the Committee to rewrite the  
7 second paragraph of Paragraph (b) of Section 11.01 so  
8 as to in substance authorize or provide that the General  
9 Assembly may provide by law to authorize new Counties  
10 and changing the County lines and may submit such act  
11 to a State wide referendum. The pending motion is to  
12 rewrite the paragraph to provide, in effect, that any  
13 change in County lines, transfer of an area from one  
14 County to another, cannot be accomplished except with  
15 the consent of the majority of the votes in the area to  
16 be transferred and in the area to which it is to be  
17 transferred. This does not embrace it, as I understand  
18 it, the consent of the area from which it is being  
19 transferred. Are you ready for the question?

20 MR. SCANLAN: Is this on Mr. Sayre's motion?

21 THE CHAIRMAN: Mr. Sayre's motion to substitute.
