

1 and as usual, this expectation was fulfilled. I would  
2 like to call your attention to the fact that one of the  
3 reasons I think the motion is a sound one is that it is  
4 consistent with the provisions of what you have in here  
5 with reference to a part of a County where a part of a  
6 County is transferred, then the affected part has the  
7 right to vote, whereas if the whole County is combined  
8 with another whole County, the smaller of the two, the  
9 one which is merged into, let us say, the larger, has  
10 no right to vote. This to me is just incongruous, and  
11 it just can't be reconciled on any degree of logic. The  
12 motion should carry for that reason. Secondly, I have  
13 had some experience in working with inter-County author-  
14 ities in this State, and I have heard the question  
15 raised two or three times whether or not authorities  
16 could accomplish the purpose. In terms of specifics,  
17 there is no question about the fact they can, and by  
18 that I mean, for example, the Washington Suburban  
19 Sanitary Commission has been the agency which has developed  
20 water, sewer, trash collection facilities in the Washing-  
21 ton metropolitan area. By and large, it has worked quite
