2 talking about, and actually, the way you have it written

4 really inapplicable because the taxes that these local
5 civil divisions actually collect are not imposed by the
6 General Assembly at all. They are imposed by the County
7 Commissioners. So the way you've got it written, the
8 way the Committee has it written just wouldn't work.

13 General Assembly.

14 MR. CLAGETT: All right, I would suggest that
15 when we get back to that, we might enlarge it because
16 what we do intend to imply here is that the correct taxes
17 shall be imposed by a representative legislative group
18 rather than necessarily restricting it to the General
19 Assembly.

20 MR. CASE: But may be collected by the civil
21 division.
