

1 clear that any member of the Committee is completely
2 free to approach this problem as he or she may see fit
3 without obligation one way or another to any previous
4 commitment.

5 Therefore, I do find that in my analysis
6 of the position and expression of position by members
7 of the Committee the majority of the Committee which
8 have dealt with these problems would be of the thinking
9 as expressed in the addendum.

10 THE CHAIRMAN: In order to get it before
11 the Commission, do you want to make a motion on the
12 question principally involved?

13 MR. CLAGETT: I move in lieu of Section
14 11.02, Subsection (a) as it appears on Page 9 that
15 the alternative section 11.02, Subsection (a) as it
16 appears on Page 2 be adopted by the Commission.

17 THE CHAIRMAN: Let me suggest to you if
18 I may that you change your language, instead of saying
19 "be adopted," say "be considered," because I am sure that
20 there are a number of questions about either form.

21 MR. CLAGETT: I would accept that.
