7 suggesting trying to encourage the Commission here,
8 suggest to the Commission, that this be made a suffrage
9 and elections article, that we could set a pattern of
10 language and pattern of structure which could there-
11 after be followed by other articles of the Constitution
12 for general purposes. We are talking about a matter
13 concerning elections here, and that is deciding
14 when someone now must establish residence for a three-
15 month period in order to be able to vote, establish it
16 where, and if we don't tell them in this article, where
17 are we going to tell them?

18 THE CHAIRMAN: Then won't we be faced with
19 the alternative that the section that Dr. Bard referred
20 to ought not be included in the Legislative Article, but
21 in this article?
