

1 House of Delegates but I can't vote for the County
2 Council, but traditionally they are all on the same
3 ballot. I don't know what the answer to this is but
4 it seems to me that where you have got elections which
5 are held contemporaneously with the general election,
6 to have two bodies setting the standards for the people
7 that can vote at that election with the result that you
8 may indeed have two sets of qualifications is completely
9 ridiculous and I don't see how it could possibly work
10 as a practical matter. It seems to me that you have
11 got to perhaps, when we are talking about local, we
12 really mean local in the sense of incorporated towns,
13 but restricted to that.

14 THE CHAIRMAN: And conversely broaden Section
15 5 to include county as well as state?

16 MR. CASE: That is right.

17 MR. GENTRY: The only thing I can say is
18 Mr. Case says he doesn't see how it can work and it
19 has worked for a hundred years because that is the
20 system we have now.

21 MR. CASE: Where do we have that system?
