

1 Section 1, to may, and with that change, I can't see why
2 you need any other sections at all, with the possible
3 exception of some overall provisions pertaining to non-
4 discrimination.

5 THE CHAIRMAN: I would anticipate that would
6 do violence to the desire of the Committee, would it not?

7 MRS. BOTHE: It would take the heart out of Sec-
8 tion 1 because there we mean to say that the State must --
9 are you talking about 1 or 2?

10 MR. MELVIN: One.

11 MRS. BOTHE: Where would you put your may?

12 THE CHAIRMAN: In the proviso, second half of
13 may.

14 MR. SCANLAN: May also.

15 MRS. BOTHE: We had a reason for not doing
16 that. As a matter of fact, Section 1 is devoted, it may
17 not be altogether clear, because I know under public
18 educational institutions it could take in both higher and
19 lower learning, but this Section 1 is intended to be
20 directed toward the elementary school system, which was
21 covered previously, or is currently covered by Section 1
of Article 8, which is not included.
