here is getting something done within a certain time.

MR. SCANLAN: That is right.

THE CHAIRMAN: Mr. Case?

MR. CASE: Mr. Chairman, the words, One calenbother me a little bit, because conceivably

dar year, bother me a little bit, because conceivably
this means that you could go twenty-three and a half months
after the official publication of the census before the

Legislature would have to act. Coming back to your point, Franklin, in 1982 this would put us past -- in

the 1980's it would put you up to 1986. It seems to me that -- I haven't got any real strong feeling about this,

but keeping with the idea of getting something done, an eighteen-month period, an outside period of eighteen

months from the day rather than saying one calendar year after, because calendar year, of course, you could go all the way to the current year and you haven't got a

calendar year.

DR. BURDETTE: Some date before the next election or before the filling dates for the primaries for the next election, something like that.

MR. CASE: Yes. The term, One calendar year,
