

## DRAFTER'S NOTE:

Error: Incorrect word usage in § 3-710(a)(1)(i)4. of the Natural Resources Article.

Occurred: Ch. 528, Acts of 1980.

3-711.

(c) When the Service acts with respect to a site for which a certificate has been issued, §§ 3-102(c) and [3-104(u)] 3-104(v) of this [article] TITLE do not apply.

## DRAFTER'S NOTE:

Error: Obsolete cross-reference and stylistic error in § 3-711(c) of the Natural Resources Article.

Occurred: The obsolete cross-reference occurred as a result of Ch. 815, Acts of 1989, which renumbered § 3-104(a) of the Natural Resources Article to be § 3-104(v), and the stylistic error occurred in Ch. 528, Acts of 1980.

3-903.

(o) Upon adoption by the Authority of a five-year plan providing for solid waste disposal projects and approval of such plan by the affected county or counties or the General Assembly, as the case may be, service districts shall be established within the Northeast Maryland waste disposal region in the manner and following the schedule set forth in the five-year plan providing for solid waste disposal projects. Within each service district in the Northeast Maryland waste disposal region, the Authority, and not the Maryland Environmental Service, is responsible for the disposal of solid wastes (including any wastewater treatment residue) as set forth in the five-year plan providing for solid waste disposal projects. Within the service district, no subdivision or person may dispose of solid wastes except through projects of the Authority or of a subdivision or person designated by the five-year plan or under reasonable conditions the Authority stipulates; provided however, that it is not intended by this section that the Authority, in the absence of an agreement to do so, be required to assume responsibility over any wastewater treatment activity or project or over any existing solid waste activity or project of any person or subdivision. Nothing contained in this subtitle shall affect the power of the Secretary of the Environment, as set forth in [§ 3-110] § 3-109 of this title, to direct the Maryland Environmental Service to undertake any of the actions authorized therein.

## DRAFTER'S NOTE:

Error: Obsolete cross-reference in § 3-903(o) of the Natural Resources Article.

Occurred: As a result of Ch. 815, Acts of 1989, which renumbered § 3-110 of the Natural Resources Article to be § 3-109.
