Federal Fund Appropriation	19,643,347	153,455,522

All appropriations provided for Community Services 32.13.01.12 are to be used only for the purposes herein appropriated and may only be transferred for the purpose of enhancing or matching federal funds for services for individuals with developmental disabilities. All funds remaining at the close of June 30, 1991 shall revert to the general fund.

~~It is the intent of the General Assembly that additional resources be provided to expand community services for individuals with developmental disabilities. The General Assembly commends the Governor for the insight and compassion he has demonstrated through his continued commitment to allocate limited State resources to ameliorate the crises that individuals with developmental disabilities and their family members face each day. As the General Assembly shares the Governor's conviction that the expansion of community services for individuals with developmental disabilities deserves priority consideration, the General Assembly urges the Governor to include in the supplemental budget an appropriation of \$8,500,000 for community services for individuals with developmental disabilities. Funding for this appropriation in the supplemental budget will be available from reductions the General Assembly is making to other appropriations.~~
