- (1987 Replacement Volume and 1989 Supplement)

Preamble

WHEREAS, The disposal of solid waste is a problem of increasing concern in the State, in financial resources expended and in potential threats to the health of the citizenry and the preservation of a clean and safe environment; and

WHEREAS, Likewise of increasing concern is the health effect of ~~chemically generated~~ emissions into the atmosphere; and

WHEREAS, An inordinate number of facilities for the disposal of the State's
