

Provincial Court Judgments. Cards filed and available to the public now cover the period through 1712, four years having been added during the year. Checking, typing and filing did not keep pace with completion of first cards which advanced from 1719 to 1733. This work will continue.

Prince George's County Index to Deeds. Because the old general index which the Hall of Records received from the Prince George's County courthouse had been prepared for the most part to serve original record volumes which had been copied and then discarded, it was found necessary to revise this index so that it might be used for references to the copies which were transferred to the Hall of Records. In the case of one volume it was found impractical to use the old index at all and a new one had to be prepared.

In addition to the items listed above which are now available either in whole or in part to the public, the following projects are now in progress.

Printed

Ninth Annual Report of the Archivist of the Hall of Records, State of Maryland, for the fiscal year July 1, 1943 to June 30, 1944. Now ready for distribution.

Prince George's County Court Proceedings, 1696-1699, Liber A. This volume will be published during the course of the year.

Bank Stock Papers at the Hall of Records. This volume will contain a list of the famous bank stock controversy papers from the two collections at the Hall of Records: The "Blue Books" of the *Rainbow Series* and the collection found in the office of the Secretary of State two years ago. The volume will also contain an historical account of the controversy.

Typed and Handwritten

General Court Index to Court Proceedings. This project, which was barely begun several years ago and abandoned when the member of the staff to whom it had been assigned resigned, has been taken up again. This will be a name index referring to all judicial business coming before the General Court, the central court of the State from 1777 to 1805. No index to this series is now available.
