

Accessions of printed materials were approximately the same for the last fiscal year as for the two previous ones. As a matter of fact, our accessions are never likely to vary much so long as our appropriation for the purchase of printed materials remains fixed (\$100) and so long as we consciously restrict the number of institutions with which we will exchange our own publications.

Examination of the materials listed below will discover a large number of items which were presented to the Hall of Records by the Reverend Daniel R. Magruder and Miss Rosalie S. Magruder, administrators of the estate of the late Commodore Peter H. Magruder of Annapolis, who died January 6, 1946. The administrators of the Magruder estate graciously offered the Archivist any part of the library included in the estate which he thought would be useful at the Hall of Records.
